

# Neighborhood Councils Partner with Million Trees

---

Neighborhood Councils are helping in the efforts to bring more green to LA by partnering with the Million Trees LA Campaign. These efforts will have positive impacts on the future of our City.

## **Benefit to City of LA**

Savings on energy costs  
Decreases in air pollution  
Savings on summer cooling costs  
Decreases to pollution run-off  
Decreases in soil and hill erosion

## **Benefit to Neighborhood Councils:**

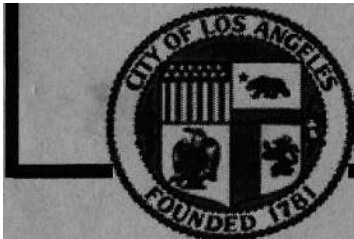

A legacy to future generations  
An Increase in property values  
An enhancement to the look of a community  
An Outreach opportunity

## **Have your Neighborhood Council host a Tree Activity**

- 1) Neighborhood Tree Planting
- 2) School Tree Planting
- 3) Tree adoption

## **... here are the basic steps:**

- Place the action on your next Neighborhood Council agenda.
- Vote to host one of the listed Activities
- Assign a liaison to work with the Million Trees LA staff
- Contact you Project Coordinator to let them know the date of your Activity and for additional assistance

---

For more information, to coordinate an informational speaker who can come to your Neighborhood Council meeting, or to schedule and host a Tree Activity, contact: Sonya Calloway at 213-473-9950 or visit the website at [www.milliontreesla.org](http://www.milliontreesla.org)
